

## Shop Floor Vibration Control Solutions

Good brown & sharpe

Fabreeka® International manufactures pneumatic vibration control systems to isolate CMM's from shop floor vibration and shock.

Custom built to maintain both the original look of the machine, and the hardware interface, the system allows the machine to be installed at the center of the manufacturing process without compromise to the repeatability or accuracy of the machine.

- *Completely portable*
- *Special foundation designs available*
- *Self-levelling work surface*
- *Recommended working height unchanged*
- *Systems available for all types of machines*

**BRAVO 4308/2 OS**

- Vibration Site Measurement & Analysis
- Structural Foundation Design
- Acceptance Testing
- Dynamic Deflection Analysis
- FEM Modeling

**BETA SPM 33.20.15**

**PMM 50.38.25**
